

**Do you want to study a profession but need to improve your Finnish skills?
Come to study in TUV A-education!**

TUVA - Preparatory education for an upper secondary qualification

In TUV A-education you will learn more Finnish language and other skills you need at school and at work. After TUV A you can apply to study in a professional education. We will help you there!

The maximum length of TUV A-education is one year but you can apply to professional education when your language skills are good enough to study in Finnish.

Education includes:

- Finnish language
- Maths
- English
- Computer skills
- Getting to know different professions and educations
- Learning skills
- Worklife skills
- Support and guidance for career planning
- Support and guidance for further studies

Education is personally customized for you. Studies take place from Monday to Friday at Turun AKK (Artukaistentie 11-13, 20240 Turku), about 28 hours weekly. Teaching and study materials are free of charge. You will get a free lunch.

Please note!

Before starting the studies contact TE-office for permission to study with unemployment benefit. Studying is fulltime so you are also entitled to apply for financial aid for students (opintotuki) from Kela.
